

Apogee Instruments of Logan, Utah, is an energetic manufacturer of innovative electronic sensors used in meteorological, agricultural, and renewable energy applications around the world. If you value a beautiful location, great coworkers, and an organization that truly cares about its employees, please review the requirements below and submit your resume.

RMA Support Technician

Job Summary:

The RMA (Return Materials Authorization) Support Technician will take direction and work closely with the RMA Manager to troubleshoot, repair, and recalibrate various electronic assemblies and instrumentation, while maintaining excellent records and communication. Other responsibilities include working with Technical Support and Engineering departments to assist in root cause analysis and corrective actions when needed.

Requirements:

- Extensive knowledge of electronics and troubleshooting techniques
- Attention to detail with an emphasis on product improvement
- Driven to develop a technical knowledge of all products and their applications
- Strong technical communication skills, both verbal and written
- Maintain clean and organized workspaces
- Be capable of lifting up to 25 lbs.
- Enthusiasm in being part of a small, growing company

Desirable Education/Skills:

- Experience in a manufacturing environment that stresses quality assurance
- Certified in IPC-7711/7721, J-STD-001, and/or IPC-A-610 standards

This is a full-time position with benefits. Compensation is commensurate with experience, but has an anticipated range of \$19-\$21/hour. Benefits include health insurance, retirement, paid holidays, compensated leave, profit sharing, and more. Work schedule is generally Monday-Friday 8 A.M. – 5 P.M.

If you are interested in this position and meet the above qualifications, please send your resume to:
